TAPING

The CSA 955 stretch wrapper can easily be integrated into an existing or new production line. This wrapper ensures that the total costs in your production line will decrease by using film with a high pre-stretch percentage. The CSA 955 is a maintenance-friendly machine, can wrap up to 55 pallets per hour and the film can easily be replaced by the rapid-load system. A corner applicator can be added to the machine for extra strength.

**Advantages**

- Driven by a heavy-duty turntable with external gearing
- Pre-Stretch 150% – 200% – 250%
- Handles up to 55 pallets per hour
- Wrapping speed 23 rpm
- Simple replacement of film roll with rapid-load system

**Options**

- Anti corrosion treatment
- For loads up to 3000 mm
- Pressure plate
- Corner applicator
- Roping system
- Pallet lifter
- Extended arm for large loads
- Seal unit with contrast plate
- Topfilm dispenser (inside)
