The CSA 975 pallet wrapper can easily be integrated into an existing or new line. This wrapper ensures that the total costs in your production line will decrease due to the use of film with a high pre-stretch percentage. The CSA 975 is a maintenance-friendly machine, can wrap up to 75 pallets per hour and the film can easily be replaced by the fast-loading system. A corner mount can be added to the machine for extra strength.

Advantages:

- Driven by a heavy-duty turntable with external gearing
- Pre-stretch 150% – 200% – 250%
- Handles up to 75 pallets per hour
- Wrapping speed max 33 rpm
- Weighted film carriage

Options:

- Acid protection
- For loads up to 3300 mm high
- Pack stabiliser (pantograph)
- Corner applicator
- Clamp cut and tucking of the film tail inside the wrap
- Roping system
- Pallet lifter
- Top cover dispenser
- Extended arm for bigger loads
- Seal unit with contrastplate

Technical data	
Total power installed	4,5 Kw - 5,5 Kw with top
Standard power supply	400 V – 50 Hz – 3 PH+N+G
Protection on electric system	IP 54
Max. pallet dimensions	1200 x 1200 mm
Standard pallet height	2200 mm
Max. rotation speed	33 rpm
Capacity per hour	Up to 75 pallets
Operating pressure	6 bar
